DETAILED ACTION

Response to Amendment

1. The reply filed on 31 October 2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

There are no currently pending claims in that the applicant has shifted the invention.

Newly submitted claims 1, 4, 5, 8-12, 14-17, 20, and 22-25 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the instant amendment has removed the sub-combination with limitations directed to positioning the broadcast to correspond to the recorded time and channel, and extracting an available offer associated with the recorded time of the recorded channel with a different sub-combination of transmitting content using a delivery method associated with the user. Since these sub-combinations have separate utility such as dynamically manipulating the bandwidth of a downstream channel which is not required for a system with multiple delivery schemes to a user, the restriction is proper.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1, 4, 5, 8-12, 14-17, 20, and 22-25 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
